The Underwater Crime Scene Technician II is the key person at the underwater crime scene. Students will learn how to deal with crime scenes and the difficult task of evidence documentation, preservation and processing. This program introduces students to advanced search patterns, evidence collection, crime scene equipment and management.

### Course Topics
- Advanced Search Patterns
- Use of Underwater Metal Detectors
- Crime Scene Photography and Videography
- Processing and Packaging
- Fingerprint Processing and Packaging
- Evidence Laboratory Parameters
- Lab Practices

### Tuition
Full tuition for this 3 day program is $450/person. Payment is required at the time of registration.

### Be Sure to Bring
All students must bring: US Coast Guard approved P.F.D. with knife and whistle, adequate clothing and protection from the environment and pen and paper for note-taking and sketching. Diving students must provide their own equipment: Scuba regulator: recently serviced and environmentally protected with alternate air source (i.e.: octopus, Air II, etc.), timing device, depth and submersible pressure gauges, BC with oral/ power inflator, two tanks with current Hydro & VIP, mask, snorkel, fins, weight belt and two cutting tools (knife, wire cutters, or trauma shears.)

### Prerequisites
All students must be a current member of a law enforcement agency, at least 18 years of age. Students must read and complete a RSTC medical statement prior to attending class. Any diver answering yes to a contraindication must have a physician’s signature to participate in the diving portions of the program. Diving personnel must also have Open Water certification AND either Dive Rescue I or Underwater Crime Scene Tech I certification.

This program is designed for personnel who are physically fit. Participants are encouraged to participate after successfully completing the IADRS Watermanship Test or testing to a fitness level of 13 MET (Metabolic Equivalents) or greater. Participants with aerobic fitness questions or concerns should consult their physician prior to in-water training. Participants who have poor aerobic fitness may attend this program as surface support personnel with the approval of the instructor.
