

# Swift Water Rescue Dry Suit PRO :: MSD577 SR

## A revolutionary step in swift water rescue Dry Suits.

The MSD577 SR Water Rescue Dry Suit combines the comfort needed for constant wear with the close fit essential for mobility during aggressive swimming. The suit also has the durability needed in swift water and urban search and rescue (USAR) missions.

**NOTE:** The snug fit inherent with this design generally results in wearer's requiring one size larger than our other dry suits.

This lightweight waterproof, breathable GORE-TEX® suit features stretch panels around the waist and on each shoulder to increase mobility without adding excess fabric. A pick resistant stretch pant overlay reduces bulk in the legs; abrasion resistant patches protect the waist, knees, arms and cuffs. A removable, tailbone protector and cushioned elbows and knees offer added protection.

During extended missions, the top stow feature allows for ½ doffing without fear of damaging the suit and Mustang's patented Closed Comfort System (CCS™) adjustable neck seal can be worn loose to provide comfort out of the water and can quickly be drawn tight to keep the water out.

### Features

#### Improved Fit

- Internal 3-point adjustment system, integrated thigh straps and waist belt reduce bulk and improve fit
- Innovative stretch pant overlay reduces bulk and improves fit
- Engineered to minimize in-water drag, thereby reducing fatigue and improving rescuer safety and effectiveness
- Stretch panels on shoulders for better mobility and swimming ease
- 360 degree stretch panel on waist for optimum mobility without excess fabric
- Patented adjustable neck seal for comfort and universal sizing
- Trim-to-fit durable 3mm neoprene cuffs
- Optimizes agility and confidence

#### Enhanced Comfort & Safety

- High performance GORE-TEX® waterproof breathable fabric
- Diagonal cross-chest waterproof entry zipper for quick donning and doffing
- Telescoping top eases donning with close fit
- Top stow feature allows for ½ doffing, without fear of damage, contamination or dragging sleeves
- Adjustable, removable tailbone protector
- Padded elbows
- Integrated articulated knee padding
- SOLAS retro-reflective tape on arms for visibility

#### Durability

- Lower body and forearms protected by abrasion and pick-resistant protective layer
- Kevlar patches on waist, knees, arms and cuffs
- Lower body and forearms protected by abrasion and pick-resistant protective layer
- Diagonal cross-chest waterproof entry zipper for quick donning and doffing

### MSD577SR sizing chart

|             | CHEST<br>(in.) | HEIGHT<br>(in.) | CHEST<br>(cm) | HEIGHT<br>(cm) |
|-------------|----------------|-----------------|---------------|----------------|
| <b>S</b>    | 34-36          | 62-65           | 86-91         | 157-165        |
| <b>M</b>    | 37-40          | 65-69           | 94-102        | 165-175        |
| <b>L</b>    | 41-44          | 69-73           | 104-112       | 175-185        |
| <b>XL</b>   | 45-47          | 73-76           | 114-119       | 185-193        |
| <b>XXL</b>  | 48-51          | 76-78           | 122-130       | 193-198        |
| <b>XXXL</b> | 52-55          | 78-80           | 132-140       | 198-203        |
