

EASY
CRUISING

ZOOM SP

ULTIMATE VALUE
FOR MONEY

Made from 1100 decitex fabric, the Zoom SP range offers excellent value for money. Its large diameter buoyancy tubes give the Zoom an impressive load capacity.

The truncated-cone tube ends provide great buoyancy, particularly when using four stroke outboards.

The banana-shaped buoyancy tube offers an aesthetically pleasing design. The aluminium floor provides strength and permits quick and easy fitting and maintenance.

Zoom SP 400

Zoom SP 400

ZOOM SP 400 ALU
4 m / 13'1"

ZOOM SP 450 ALU
4,5 m / 14'9"

- Excellent value
- Aluminium floor
- Banana-shape buoyancy tube
- Thwart included as standard
- High load capacity
- Truncated cones
- Carrying bag

EQUIPMENT

DECK

- Inflatable keel
- Aluminium floor with cross braces
- Engine mounting plate
- Bailer

BUOYANCY TUBE

- 1100 Decitex material
- Semi-recessed valves
- Lashings
- Rubbing strip
- 1 bow handle
- 4 carrying handles
- 2 pilot handles
- 2 stainless steel tow rings
- Pre-fittings for additional bench seat
- Cone reinforcers

STANDARD EQUIPMENT

- Aluminium paddles
- Foot pump
- Thwart
- Carrying bag
- Repair kit
- Owner's manual

OPTIONAL EQUIPMENT

- 12V electric pump with pressure regulator. 0.3 bar / 4.35 PSI capacity
- Bathing ladder
- Launching wheels
- Removable bow-bag with Velcro fastening
- Bench bag

CLASSIC

THE ORIGINAL ZODIAC® BOAT

Building on 70 years of heritage, the Classic incorporates the historic qualities that Zodiac® boats are known for: safety, stability, and strength. The Classic features generous seating and because of Zodiac's inflatable hull design, maneuvering, stability, and time to plane are legendary.

In the boot or on the roof of your car, you can take the Classic anywhere. It can be set up or stored in just a few simple steps. The Classic's features and quality will appeal to fishermen and pleasure boaters alike. Easily collapsible and compact, this boat can be transported without a trailer. These unique features have kept the Zodiac® boat successful for decades, and thye versatility attracts many types of customers.

Classic Mark II

- Tried + tested design
- 2 floor options
- Easy set up/breakdown
- Easy storage and maintenance
- Navigation lights
- Accessory mounting rails
- Many optional accessories
- Strongan™ buoyancy tubes

Classic Mark II

EQUIPMENT

DECK

- Choice of floors:
 - Quick-fit aluminium floor with tie-down rail system (Classic HD)
 - Marine plywood floor and aluminium frame with tie-down rail system (Classic ST)
- Inflatable hull
- Aluminium motor mounting plate
- 2 bailers

BUOYANCY TUBE

- Strongan™ 1100 decitex fabric
- Easy Push valves
- Polyamid lacing cuff + safety grab lines
- Wide anti-chafing deflector strip
- 1 bow handle
- 4 carrying handles
- 2 stainless steel tow rings
- Cone reinforcers

STANDARD EQUIPMENT

- Removable bow bag
- Fittings for remote steering bar
- Fittings for launching wheels
- Mast and pennant
- 2 carrying bags
- 2 paddles
- Foot pump
- 1 pressure gauge
- Repair kits
- Owner's manual

OPTIONAL EQUIPMENT

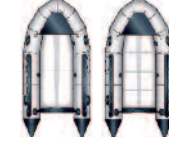

- 1 adjustable bench
- Luxury 2-person locker seat (except Mark 1)
- Inflatable bench
- Cover
- Fishing rod holder
- Launch trolley
- Launching wheels
- Electric pump
- Mini-console on bench
- Bathing ladder

FUTURA

THE HIGH-PERFORMANCE INFLATABLE

Zodiac® Nautic's technology department designed the patented FUTURA hull. The hull is formed from a large-diameter keel plus two perfectly proportioned buoyancy tubes placed under the base of the boat.

When underway, the hull rests solely on the cushioning tubes - reducing drag and increasing lift – providing outstanding handling and an extreme ride.

The Futura is also available with a helm station and two adjustable bench seats.

Futura Mark II

FUTURA

Futura Mark II

FUTURA MARK 2 C
3,7 m / 12'2"

FUTURA MARK 2
4,1 m / 13'5"

FUTURA MARK 3

EQUIPMENT

DECK & HULL

- Choice of floors:
 - Quick-fit aluminium floor with tie-down rail system (Futura Alu)
 - H2P inflatable floor (Futura FR)
- Inflatable hull
- Aluminium motor mounting plate
- 2 bailers

BUOYANCY TUBE

- Strongan™ 1100 decitex fabric
- Polyester bow roller
- Easy Push valves
- Polyamide lacing cuff + safety grab lines
- Wide anti-chafing deflector strip
- 1 Bow handle
- 2 interior handles
- 4 carrying handles
- 2 stainless steel tow rings
- Cone reinforcers

STANDARD EQUIPMENT

- Removable bow bag
- Fittings for launching wheels
- 2 multi-pocket carrying bags
- 2 paddles
- Foot pump
- 1 pressure gauge
- Repair kit
- Owner's manual

PACK VERSION (FUTURA Alu)

- Complete piloting unit
- 2 adjustable benches
- 1 console (without instrumentation)
- 1 steering wheel
- Steering unit and cable

OPTIONAL EQUIPMENT

- Launching wheels
- Fishing rod holder
- Electric pump
- Launch trolley
- Bathing ladder

WHICH FLOOR?

CLASSIC - FUTURA

ALU > ALUMINIUM FLOOR

strong + easy to maintain

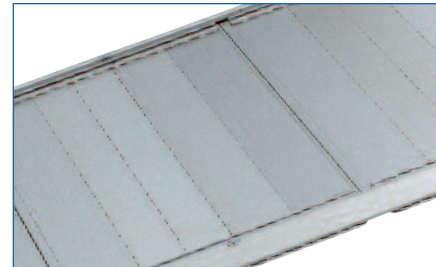

An aluminium floor: **outstanding strength!**

Because of its durability and strength, aluminium floors are the primary floor choice for divers and high performance boat applications.

Optimum functionality; the floor is easily assembled and can be completely disassembled for fast storage.

For added safety, space, and convenience, built-in rails allow you to secure equipment.

Quick fit aluminium floorboards with tie-down rail system.

CLASSIC

SOLID > PLYWOOD FLOOR

economical + simple to use

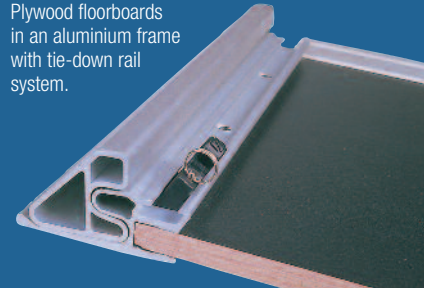

Solid floors – peace of mind **guaranteed!**

It's durable plywood floor system makes it deal for day trips and fishing.

Includes an aluminium frame for increased durability and dependability.

Solid wood floors feature a non-skid finish for safety. These floors also include a built-in rail system allowing for adjustable bench seating (Zodiac® Nautic patent).

Plywood floorboards in an aluminium frame with tie-down rail system.

FUTURA

FR > INFLATABLE FLOOR

light + compact

The H2P floor is **ingenuity at its best!**

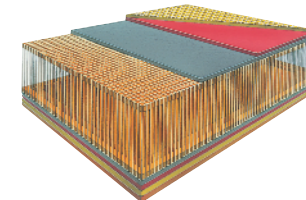

H2P floors are engineered with thousands of intertwined polyester threads. When inflated, these floors have proven to be as resistant as a solid floor!

The patented non-skid system offers added safety while on board.

Light and compact, the floor can be easily transported and stowed in tight spaces.

Ingenious and practical, inflatable floors feature attachment points for fastening accessories and other types of equipment.

Removable inflatable H₂P air floor.
