

Florida Training Series

Hosted by Plantation Fire Department

October / November , 2017

Dive Rescue I - October 27-29, 2017

Dive Rescue I is the internationally renowned three day training course for certified divers and surface support personnel. Successful completion of a Dive Rescue I program will provide basic methods and skills necessary to function effectively at a water accident scene. Course topics include: Public safety drowning accidents, Selecting, training, and equipping dive teams, Scene evaluation, Dealing with family, media, and other agencies, Search patterns, Victim retrieval, Vehicle accidents, Accident scene evaluation, Introduction to specialized equipment, and Field exercises.

Prerequisites: Students must be a current member of a public safety agency and at least 18 years of age. Diving students must provide proof of open water certification. Participants must read and complete an RSTC Medical Statement prior to attending class. Any diver answering yes to a contraindication is required to have a physician's signature to participate in the diving portions of the program.

Light Salvage and Recovery - October 30-November 1, 2017

Topics include: Scene Evaluation, Operational Organization, Selecting Specialized Lifting Equipment, Underwater Rigging, Specialized Lifting Techniques

Prerequisites: Students must be a member of a public safety agency, at least 18 years of age and have Dive Rescue I certification. All participants must read and complete an RSTC Medical Statement prior to attending class. Any diver answering yes to a contraindication is required to have a physician's signature to participate in the diving portions of the program.
