

Dive Rescue I

Hosted by Codington County Search & Rescue
Watertown, SD ~ September 8-10, 2017

During this dynamic program we will discuss questions that face teams old and new. Can we validate and confirm our teams direction and goals? Can safety be maximized through the standardization of equipment and procedures? To take your team to a new level, you need this course!

Dive Rescue I is the internationally renowned three day training course for certified divers and surface support personnel. Successful completion of a Dive Rescue I program will provide basic methods and skills necessary to function effectively at a water accident scene.

Course Topics

- Drowning
- Dive Team Organization and Management
- Search Patterns
- Scene Evaluation
- Victim Retrieval
- Service to the Family, Media & Other Agencies
- Vehicle Accidents
- Underwater Investigation
- Introduction to specialized equipment
- Field exercises

NFPA Standards 1670 & 1006

Upon completion of this program, including in-water work, personnel will address several standards set forth for the Technician Level. Surface Support personnel who complete this program will address the standards set forth for the Awareness and Operations Level.

Tuition

Tuition for this 3 day program is \$375.00.
Payment is required for registration.

Prerequisites

All students must be a current member of a public safety agency, at least 18 years of age. Students must read and complete a RSTC medical statement prior to attending class. Any diver answering yes to a contraindication must have a physician's signature to participate in the diving portions of the program. Diving personnel must also have open water certification. Please make sure to present your RSTC Medical Statement to your instructor at the beginning of class.

This program is designed for personnel who are physically fit. Participants are encouraged (*not required*) to participate after successfully completing the IADRS Watermanship Test or testing to a fitness level of 13 MET (Metabolic Equivalents) or greater. Participants with aerobic fitness questions or concerns should consult their physician prior to in-water training. Participants who have poor aerobic fitness may attend this program as surface support personnel with the approval of the instructor.

Dive Rescue I ~ September 8-10, 2017
