

# Water Operations Officer Development

hosted by Elk Grove Village Fire Department & MABAS Division 1  
Schaumburg, IL ~ October 20-21, 2018

The scope of this course is to prepare emergency managers and leaders to operate within the National Incident Management System (NIMS) at a water operation events. This course takes incident command principles and applies them to large and small scale water rescue scenes. Students participate in incident command scenarios and make risk management decisions. Through scenario execution and discussion, students prepare for incidents of various magnitudes where the local NIMS-based ICS may transition to Unified Command. This course is ideal for Dive and Non-Dive Officers and Managers responsible for all types of water operations.

## Topics -Entire program will be held in the classroom

- Utilizing Incident Management System (IMS) for water rescue
- Performing incident assessment at a simulated emergency situation
- Creating written incident objectives for water emergency events
- Listing strategic and tactical considerations for various emergency situations
- Determining management position requirements for water rescue events
- Demonstrating the expansion and contraction of IMS
- Discussing tactics for large and small-scale events
- Demonstrating resource deployment, personnel accountability, logistics management, and implementation of tactics at a simulated rescue event
